Dear Horse Helper supporters,

As you know, winter is fast approaching and we are in dire need of money to carry the horses through the winter. This has been an incredibly busy year with Horse Helpers adopting several horses as well as helping a two of our residents pass over the "Rainbow Bridge." We are working on multiple cruelty investigations as well. Presently, the barn is home to 9 rescues. Four are new and in rehab, one is a permanent resident, and 4 are ready for adoption. As I said, it has been a busy year!!

Our latest two rescues, Freckles and Domino, came from a local business and were in the final stages of starvation. To the left is a picture of the two of them with their heads buried in forage. We couldn't get their heads up for a real photo shoot! We are still working on getting them up to weight and healthy again.

The additional horses we have taken in and the horses we anticipate arriving through the winter because of abuse and neglect makes our vet bills, feed bills and shelters costs continue to soar.

Thankfully, we are blessed with a growing contingent of loyal volunteers, so our day-to-day maintenance is being handled better and better. To help care for the horses, however, our financial situation is bleak. This difficult economy has hit animals too, and that is why it's so important that we actually increase our donations this year along with tightening our belts. It is crucial that we be available to help neglected and abused equine at the worst times, not just when things are good. Your financial help is critical to get us through what is expected to be one another bad winter.

Will you please help Domino, Patch and all the other rescues at Horse Helpers with any amount you can. All donations are tax deductible.

Sincerely,

Amy Hudnall
President

P.S. The farm is open for visitors and volunteers on Wednesdays and Saturdays from 1-5. Come visit, we'll give you a shovel!
